

Fossil Record Activity Questions

1.) What does each puzzle piece represent in this activity?

2.) What does the whole puzzle represent, and how does that compare to the fossil record?

3.) Why didn't you finish your puzzle, and how does that relate to geologic time and the time humans have been searching for fossils?

4.) How did you go about putting together your puzzle and how does that relate to the fossil record?

5.) Were you able to get an idea of the picture of the puzzle or the topic of the puzzle even though you did not finish? How does that relate to the fossil record?

6.) Were you able to understand every detail of your puzzle with it not being finished? How does that relate to the fossil record?

7.) Did you know if any pieces of your puzzle were missing at the start of putting together your puzzle, or later? How does that relate to the fossil record?
