

Extra Credit Opportunities

****** 20 points maximum per quarter***

- 1.) **Current Science** - 5pts. / page (Double Space Typed)
 - Read an old Current Science magazine (Found in my room) and write a reflection on one or more of the articles.
 - Points are based on reflection length (5 pts / page), not the number of articles reflected upon. Use as many different articles to achieve the number of extra credit points desired.
- 2.) **Poster Project** – 10 pts.
 - The poster can be made on any topic involving Physical Science that we have not covered yet.
 - Poster needs to include pictures, descriptions and be eye appealing (organized / color)
- 3.) **Power-Point** - 10 pts
 - 10 – 15 Slides minimum, using any topic in the textbook on Physical Science.
 - Power-Point may be emailed or shared on Google drive
- 4.) **Paper** - 5 pts / page (Double Space Typed)
 - The paper can be done on any current events relating to Physical Science.
 - Any paper that is copied or pasted will receive a zero. You will also forfeit all of your extra credit points for the quarter.

Good Luck – Extra credit can definitely make a difference!
